RS Pro Epoxy Mixer Nozzle, 6.96in

Product Details:

Adhesive Dispensers

Dispensing guns and static mixing nozzles for structural adhesive cartridge systems. The robust guns are fitted with a ratchet propelled twin piston which forces against the syringe plungers giving an even, reliable flow of material. The guns enable fast replenishment of adhesive for good working operations. The static mixing nozzles are designed with a helical mixing baffle which ensures full mixing. The ends of the mixers can be cut back to increase the bead size applied.

Specifications:

Supported Adhesive Type:	Epoxy
Supported Cartridge Size:	200 ml, 400 ml
Supported Cartridge Type:	Plain Unthreaded, Screw Fit
Number of Mixing Elements:	18
Length:	6.96in
