6082 Aluminium Sheet

RS Stock number [187-328](#)

Description:

A medium strength alloy with good corrosion resistance. Sheet sizes above 2mm thick may have mechanical handling marks on the surface.

Medium/high strength alloy.

Easily anodised, machined and welded.

Provides a multipurpose, durable and heat resistance material.

Suitable for structural applications.

Specifications:

Material Grade: 6082

Length (mm): 300

Width (mm): 500

Thickness (mm): 3
