RS PRO 140 Degree C Masking Tape

Representative Image Only.

10/05/2017

Specifications:

Color: Beige

Temperature resistant: 140°C, 0.5H

Thickness: 175±5micron

Tensile strength:50±5 N/25mm

Elongation:12±2%

Tack (steel ball): 14±2 #

Holding power: 24±0.5hour

Peel Strength: 9±0.5 N/25mm

Testing environment: Temperature 23±2°C, Humidity 60±5%RH

Size:

RS Article No:	Size
131-1981	25mm x 50M
131-2728	19mm x 50M
131-2729	50mm x 50M

Features:

Based on good quality beige crepe paper, coated with rubber adhesive, it is easy -tearing, has high tack adhesion, 140 degree C temperature resistant, no residue, high adhesive strength, excellent flexibility, easy to clean and environment friendly. Suitable for decorating, painting, spray painting, or providing general protection to surfaces when decorating.
