RS Pro 1m Aluminium angled profile for LED Strip

RS Stock No: 136-3597

Features

Aluminium corner profile for LED strip. Provides a high quality light rendering and a perfect finish thanks to an opaque sliding diffuser that allows to standardize the light and improve its diffusion.

These aluminium profiles can be used in a home (kitchen, living room, dressing room, closet) or in a professional setting (shop, showroom, restaurant)

This aluminium profile for led is sold by length of 1 meter. The profiles fit together and can be cut to the desired length . At each end, end caps will complete the finish.
