RS Pro 5bar Water Filter Kit

RS Stock No: **738-2722**

Product Details

RS Pro drinking water filter kit is used to provide clean, fresh water with a choice for hard water or soft water areas. Water from the mains is connected to the cartridge through the self cutting tap. Once installed, the water is then directed up through the cartridge media. This process eliminates the unwanted contaminants and supplies fresh drinking water through a touch tap.

Features and Benefits

- Self cutting tap
- 1 m long flexible pipe
- Fixing bracket with screws for wall mounting the CalSlim R/CalSlim C
- Touch tap
- Touch tap washers, 2 x rubber, 2 x chrome and 1 shake proof washer
- Fittings x 2 for touch tap and self cutting tap
- Disposable carbon resin cartridge model Slim R (738-2725)
- Filter cartridge diameter: 50 mm
- Colour/material: White/polypropylene
